Dear Mr. Legare:

The Department has received and reviewed the revised Reconnaissance Level Characterization Report for the Building 707 Cluster, Revision 1, August 1, 2000. Our review indicates that the issues and deficiencies identified in the original report have been corrected and resolved. This letter, pursuant to Sections 120 of RFCA and 3.3.2.2 of the Decommissioning Program Plan, constitutes acceptance of the report and concurrence with the building typing decisions.

Thank you for your cooperation in this matter. We repeat our appreciation for the expanded detail within the 707 Reconnaissance Level Characterization Report and believe that this will be very helpful in later stages of the decommissioning project.

Sincerely,

Steven H. Gunderson
RFCA Project Coordinator
